## About this Course

This course is about how to Lead Others Using Effective Leadership Methods, That'll Get You Results, Influence, Inspire & Impact. This course will build essential skills for your time management, team motivation, and personal happiness. Leadership is an essential skill at home, at work, and in every stage of your career. If you're in charge of two or more people at work, this course could change your life.

This course provides a practical guide to understanding leadership roles, types and team dynamics. Learn the leadership techniques and tools that deliver new ideas and quick execution for individuals, teams and entire organizations.

Understand how teams develop progressively through different stages.

Before getting down to answering the question of why people would choose to follow your lead as a manager, you will need to understand the different styles of leadership available and the different types of team that are found in the workplace.
